

## KRT Radionics Workshops: **Saskatoon, Saskatchewan**

We are very proud of our long friendship with **Back To Your Roots Soil Solutions** - a Canadian company that is **building a world of nutrient dense food with products and techniques that nurture a healthy, living soil**, so we were very happy to be invited to return to Saskatoon to deliver **Fundamentals of Radionics**, a three-

Our mission is to provide producers with access to environmentally friendly products that address soil problems and facilitate sustainable farming practices. With focus on proper soil analysis and evaluation, our goal is to assist producers to identify the underlying causes of the soil problems and develop understanding to correct these problems.

day workshop that provides participants with a hands-on understanding of the three pillars of radionics: analyzing, balancing, and potentizing through discussion, exercises, and demonstrations that strip away the woo woo and focus on what works. Topics covered will include collection of samples and witnesses, energetic analysis and radionic balancing, use of reagents, use of worksheets, and cold scanning. Participants will use their radionics instrument to: assess the energetic strength of a witness, then see how that energy is affected by a variety of samples and reagents; complete a comprehensive analysis using worksheets; and utilize the broadcast mode to energetically balance and remove obstacles. **This hands-on workshop will equip new users with the skills needed to apply radionics with confidence at their farm or homestead.**

---

### **FUNDAMENTALS OF RADIONICS: Oct 30-Nov 1, 2020**

### **Saskatoon, Saskatchewan**

An introduction to the basic theory and hands-on operation of the radionic instrument. This course is designed for the brand-new beginner and anyone seeking a refresher on the basics. Topics include:

- History and Theory of Radionics
- Samples and Witnesses
- Energetic Analysis and Balancing
- Comprehensive Worksheet Analysis
- Cold Scanning Primary/Supporting Rates
- Multi-bank testing and balancing

Participants will practice using and developing a touch for the radionic instrument by completing analysis on water, soil, or animal samples brought from home or taken at the site of the class, then utilizing the instrument in the broadcast mode to energetically balance those elements.

*Each individual and family/friend enrollee will be provided with following materials and information:*

- *Radionics - Book 2: Applied Radionics*
- Set of 10 KRT radionic worksheets
- One 300 ml Griffin beakers
- Subscription: Kelly Research E-Report

#### **Individual Enrollment**

**\$500.00**

#### **Retake or with Purchase of a New Instrument**

**\$300.00**

#### **Instrument Rental (Supplies are limited!)**

**\$50.00**

---

**NOTE:** The universal radionic concepts covered in class will equip participants to conduct radionic research in any area of interest. However, human health issues cannot be covered at any time. Regrettably, any questions concerning human health will have to be declined.

- Who:** Courses taught by Ed Kelly, President of KRT. Ed is a uniquely qualified instructor with a lifetime building radionic devices and writing about this amazing art.
- When:** October 30-November 1, 2020, from 8:30 am to 5:00 pm with breaks.
- Bring:** Any Hieronymus-type two-dial radionic instrument and potentizer, plus samples of water, soil, plants, and/or animals from home. *Please order as soon as possible if a new instrument is required from KRT.* A limited number of units will be available for rent.
- Where:** This course will be held at the Sandman Hotel, located at 310 Circle Drive, Saskatoon, SK, Canada. A complimentary shuttle service is available to and from Saskatoon International Airport.
- Lodging:** A special group rate of \$105 per night is available at the Sandman Hotel by asking for Block #716938. Call toll free: 1-800-SANDMAN (726-3626) to book your room, or visit: [www.sandmanhotels.ca/hotels/saskatoon](http://www.sandmanhotels.ca/hotels/saskatoon) to learn more.
- Food:** Participants will be responsible for their own meals.
- Enroll:** All prices are in US dollars. All registration must be paid by credit card or PayPal. Call to enroll via credit card at (706) 782-2524, or complete and fax the following enrollment form to (706) 782-1047. PayPal payments should be directed to: [sales@kellyresearchtech.com](mailto:sales@kellyresearchtech.com). Send other correspondence to KRT, Inc., PO Box 128, Lakemont, GA, 30552, USA.
