To Whom It May Concern:

Our company, Humic Growth Solutions, Inc., hereby states that our organic Humic products (Powder, Granules and Liquid) are extracted with Potassium Hydroxide (KOH), which is a required step in our process for the extraction of Humic Acid and is not added as a source of Potassium (K₂O) fertilizer. The amount of Potassium Hydroxide (KOH) we use for the extraction of Humic Acid is allowed under the organic standards of the Organic Material Research Institute (OMRI), the Washington State Department of Agriculture (WSDA) and the National Organics Program (NOP).

All of our organic Humic products are certified as organic inputs by the above mentioned organic certification organizations, OMRI, WSDA and NOP, and comply with the requirements of each for organic production.

Please contact me should you have any questions or comments.

Sincerely,

Humic Growth Solutions

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8).

6.2. Environmental precautions

Do not allow spills to enter drains or waterways.

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

6.3. Methods and material for containment and cleaning up

Triple rinse containers before disposal. If recycling, replace cap and return clean container to collection point. Empty containers can be disposed of in accordance with local regulations.

Personal Precautions: The usual precautions for handling organic bio-stimulants should be observed.

Environmental Precautions: No environmental hazards are associated with this product. Prevent from entering sewers, waterways or low areas.

Spill Procedure: Take steps to control product discharge into the environment. Notify appropriate authorities if required and arrange for the recovery of spilled material.

Methods for Clean-up: Dilute and wash away with large amounts of water.

Additional Advice: Dispose of in accordance with local regulations.

7. Handling and storage

7.1. Precautions for safe handling

None

7.2. Conditions for safe storage, including any incompatibilities

Store out of sunlight. Suitable for general storage areas. Keep product container closed and avoid high temperatures.

Incompatible materials: Incompatible with strong acids. Powerful oxidizing compounds may cause gassing. Aqua
